LEARN, SHARE & SUCCEED

## Elevator Presentation: 12-2008

The **Center for Job Order Contracting Excellence (CJE)** is a nonprofit association of owners, contractors and consultants who are leaders in the publicly funded facilities and construction industries. CJE focuses its efforts on promoting successful Job Order Contracting as a program delivery method for general construction with emphasis on renovation, repair and rehabilitation projects.

This includes sharing best practices through meetings, conferences, and publications, and advancing understanding and awareness of JOC as a construction delivery method.

**Our Vision:** Total solution for Job Order Contracting industry's research, educational and deployment needs.

**Our Mission:** Promote a cost effective, efficient, performance-based, high quality Job Order Contracting project delivery system through the education of the publicly funded facilities industry.

**Definition of JOC:** Job Order Contracting is the use of long-term Indefinite Delivery Indefinite Quantity (IDIQ) contracts for construction services delivered on an on call basis through firm, fixed price delivery orders based on pre-established unit prices.
